SUBJECT: CHANGE IN TEMPORARY ASSIGNMENTS TO COVER THE ABSENCE OF NRC'S  
ON-SITE REPRESENTATIVE AT THE DOE SALT REPOSITORY PROJECT OFFICE

Dear Mr. Neff:

Due to adjustments in our work priorities I have changed the temporary on-site representative (OR) assignments identified in my December 5, 1985 letter to you. Neither Robert Johnson nor Scott Grace will be assigned to our Columbus OR office on January 6-10 and January 13-17, 1986 respectively. We will however, have Jerome Pearing assigned from January 13-17, 1986; during this week he will observe a Salt Repository Project Office (SRPO) meeting on Site Characterization Plan Conceptual Design Engineering Review in Irvine, California. Since this meeting will cover many of the technical topics for which Jerome Pearing is responsible as a Nuclear Regulatory Commission (NRC) point of contact, it will be very useful for his planning future NRC interactions with SRPO.

If you have any questions on this change please call Robert Johnson (FTS 427-4674).

Sincerely,

*JS*
