UNITED STATES  
 NUCLEAR REGULATORY COMMISSION  
 WASHINGTON, D.C. 20555

4/11/84

To: R.E. Browning  
 From: F.R. Cook  
 Subject: Various Items of Interest

1) After our conversation on Monday concerning Smith minutes I went back to Ash and Smith to understand their feelings about the mtg in January. They both thought the mtg was useful in helping them understand NRC's staff perspective. Smith indicated to me he was using the minutes to help accomplish some changes in his own shops and that the "shoulds" and "musts" in the minutes were his addition and that he realized the context of the meeting and my comments were not indicative of specific requirements.
