The attached draft document, NWTS Program Criteria for Mined Geologic Disposal of Nuclear Wastes: Repository Performance and Development Criteria, DOE/NWTS-33(3), presents performance and development criteria that will be used by the DOE to guide the development of radioactive waste repositories. The DOE has requested that comments on the draft document be submitted by October 28, 1982.

We intend to submit formal comments on the document to DOE. Your review is needed to improve the overall quality of the comments. We will need your input by October 6, 1982.

Your review should focus on the adequacy of the criteria presented in the document and the completeness of the document in addressing quality assurance and standards to the extent applicable.

Written comments should be submitted directly to Warren Rehfeldt. If there are any questions, or if additional information is needed, please contact me or Warren Rehfeldt.
