Dear Mr. Miller:

We have seen the article on Site Characterization Report (SCR) for the Hanford (Washington) Reservation as a candidate for a high-level radioactive waste repository, in RADWASTE NEWS Vol. 3, No. 19, and we may ask you for the report. We are very interested in the topics.

We would greatly appreciate it if you would send Site Characterization Report.

Best regards,

Very truly yours,

Masahiko Makino
