MASTER LIST OF CONTROLLED DOCUMENTS, CONTRACT # DE-AC08-87NV10576

According to our records, you have in your possession one or more of the controlled documents on the enclosed listing. This list is published on a monthly basis for you to verify that the document(s) you possess are current and out-of-date material is not used for the conduct of Project work. This listing is current as of February 26, 1990 and documents may change their revision status before the next listing, to be issued in March. Also included before the master list for easy reference is a highlight of documents that have been revised and new documents issued since the last master list issued in January.

Verification is performed by :

- 1) Locate the document(s) you possess on the list
- 2) Check the revision status (0,1,2, etc.) and/or the effective date of each document(s) against the listing to see if there are discrepancies. If no discrepancies are found, no action is necessary.
- 3) If discrepancies are found, correct copies may be obtained by forwarding deficiency listings to the attention of Document Control at the company address below. In addition, if there has been a change in name, address, or employment status this information shall also be provided.

John H. Nelson
Technical Project Officer
for Yucca Mountain Project
Attn: Document Control, M/S-517/T-34
Science Applications International Corporation
101 Convention Center Drive, Suite 407
Las Vegas, NV 89109

For your information, document transmittal/acknowledgment records (DTARs) signed in pen colors other than black ink and DTARs that are faxed to Document Control are not acceptable as quality assurance records.
