RE: Site Closure Plan for Western Nuclear Split Rock site

Dear Mr. Thiesse:

Pursuant to our telephone conference on June 20, 2003, you will find enclosed copies of the following documents:

1. State of Wyoming Patent Number 2968 conveying certain state lands to Western Nuclear, Inc., including the acreage in Section 6 and Section 7 which we discussed. That conveyance was recorded December 20, 1999.
2. Restated Land Use Restrictive Covenant and Access Easement from Beulah Peterson Walker to Western Nuclear, Inc., (this was restated to correct the legal description.) This document was recorded October 10, 2000.
3. Quit Claim Deed from Lonnie and Yvonne Claytor to Western Nuclear, Inc. for the subsurface dominant estate in the land conveyed.
4. Quit Claim Deed from Claytor Livestock & Ranch, Co. to Western Nuclear, Inc. for the subsurface dominant estate in the land conveyed.

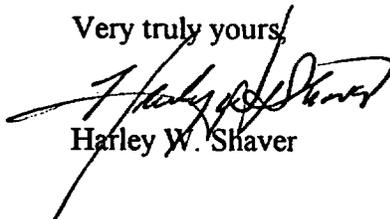

I have requested that Lou Miller forward to you updated copies of the land ownership maps for Western Nuclear, Inc.

Also, I enclose duplicate copies of the above set forth documents and will rely upon you for distribution to the appropriate recipients within Wyoming DEQ.
