Dear Mr. Bradhurst:

I understand that you and John Linehan had a chance to talk briefly at the end of the Technical Meeting on the Exploratory Shaft Facility Open Items which was held October 19-21.

As a follow up, I wanted to drop you a note to let you know that you are on the mailing list for the NRC's high-level waste (HLW) major reports and NRC's comments on DOE's HLW reports.

In addition, you are on the mailing list to receive the weekly listing of upcoming meetings related to the NRC's high-level waste management program. In addition to this weekly listing, a telephone recording service has been established for the announcement of upcoming meetings related to the NRC waste management program. The number is 1/800/368-5642, Ext. 20436, or 492-0436 for Washington, DC area callers. I update this recording weekly, or when changes/cancellations occur.

Mr. Elgie Holstein, the Washington, DC area Nye County representative, is also on the above-mentioned mailing list.

If you ever need any information or have any questions concerning the HLW program, please do not hesitate to call me. I can be reached on 1/800/368-5642, Ext. 20438, or 492-0438 for Washington, DC area callers.

Sincerely,
