**U.S. NUCLEAR REGULATORY COMMISSION (NRC) REQUEST FOR VIDEO LOGS FROM  
BOREHOLES UZ-6 AND H-1 (NN1-1989-0100)**

As indicated in the enclosed letter, the NRC has requested copies of video logs for the UZ-6 and H-1 boreholes.

The H-1 log will be provided by the U.S. Geological Survey and is being requested under separate cover.

We would appreciate it if you could forward a copy of the UZ-6 logs to William Hughes of my office within two weeks. If the logs are available in both dubbed and undubbed versions, it is our understanding that the NRC would prefer the dubbed version. We will forward the requested logs to the NRC as a package.

Your assistance in this matter is appreciated. If you have any questions, please contact William T. Hughes at 794-7959 or Michael A. Glora of Science Applications International Corporation at 794-7609.
