Electronic Computer Files for Holtec Benchmarking
and HI-STORM Structural Evaluation at the PFS Facility
DOCKET NO. 72-22 / TAC NO. L22462
PRIVATE FUEL STORAGE FACILITY
PRIVATE FUEL STORAGE L.L.C.

References: 1. June 16, 2003 NRC Staff and PFS Meeting
Reference: 2. June 25, 2003 Letter from John Parkyn, PFS, to US NRC
Reference: 3. July 15, 2003 Letter from John Parkyn, PFS, to Mark Delligatti, NRC

This letter encloses electronic copies of the computer data files for Holtec Report No.: HI-2033045, Structural Evaluation of an F-16 Aircraft Impact on HI-STORM Overpacks at the PFS Facility, submitted to the Staff by my letter of July 15, 2003. In accordance with the Staff's request at the June 16, 2003 meeting, PFS has preliminarily marked and is submitting the files as if they contain Safeguards Information in order to allow the Staff to make a determination whether parts or all of the files should be designated as containing Safeguards Information. In accordance with the modified protective order entered by Atomic Safety and Licensing Board on June 26, 2003, we are also providing copies of the electronic files directly to lead counsel for the the State of Utah (Denise Chancellor).

In addition, this letter encloses the electronic copies of the computer data files for Holtec' Benchmarking Report, submitted to the NRC by my letter of June 25, 2003. Since the Benchmarking Report was not marked as potentially containing Safeguards Information, the computer files are likewise not marked. I understand that the State has already been provided a copy of the electronic computer files for this report directly by PFS counsel.

NMSS01

If you have any questions regarding this submittal, please contact me at 608-787-1236 or Mr. J. L. Donnell, Project Director, at 303-741-7009.

Sincerely,

John D. Parkyn, Chairman
Private Fuel Storage L.L.C.
