SUMMARY: Notice is hereby given that the U.S. Nuclear Regulatory Commission (NRC) intends to establish a local public document room (LPDR) in the Carson City/Reno area for records pertaining to the potential high-level radioactive waste geologic repository site, located near Yucca Mountain, Nevada. The collection currently measures approximately 75 linear feet of material, and is expected to increase by 25-30 linear feet each year.

DATE: Comment period expires September 6, 1988. Comments received after this date will be considered if it is practical to do so, but assurance of consideration cannot be given except as to comments filed on or before this date.

ADDRESSES: Written comments may be submitted to Ms. Juanita Beeson, Chief, Rules Review and Editorial Section, Division of Freedom of Information and Publications Services, Office of Administration and Resources Management, U.S. Nuclear Regulatory Commission, Washington, DC 20555. Copies of comments received may be examined at the NRC Public Document Room, 1717 H Street, NW, Washington, DC.

FOR FURTHER INFORMATION CONTACT: Ms. Jona L. Souder, Local Public Document Room Program Director, Freedom of Information Act/Local Public Document Room Branch, Division of Freedom of Information and Publications Services, Office of Administration and Resources Management, U.S. Nuclear Regulatory Commission, Washington, DC 20555, Telephone 301-492-7536, or Toll Free 800-638-8081.

Among the factors the NRC will consider in selecting a location for the collection are the following:

(1) Whether the library is an established document repository with a history of impartially serving the public;

(2) The willingness and ability of the library to house and maintain the collection;

(3) The physical facilities available, including shelf space, work space, and copying and micrographics equipment;

(4) The willingness and ability of the library staff to assist the public locate records; and

(5) The public accessibility of the library, including parking, ground transportation, and hours of operation, particularly evening and weekend hours.

Public comments are requested on libraries in the Carson City/Reno area that might be considered for selection as the NRC local public document room for records pertaining to the potential high-level radioactive waste geologic

repository site being considered in Nevada.

Dated at Bethesda, Maryland, this 1st day of August 1988.

For the U.S. Nuclear Regulatory Commission,
Donnie H. Grimsley,
Director, Division of Freedom of Information and Publications Services, Office of Administration and Resources Management.
