MEETING OF DECEMBER 15, 1988

Dear Mr. Browning:

I enjoyed meeting with you on December 15, 1988, to discuss issues related to the proposed Yucca Mountain nuclear waste repository and the potential impacts of the program on Clark County.

As an "affected unit of local government" Clark County appreciates the opportunity to participate with NRC, DOE and the State of Nevada in the technical sessions devoted to repository licensing issues. We fully support NRC's efforts to define and resolve substantive technical issues prior to license application development.

If there is anything we can do to help you and your staff, please feel free to contact me.

Sincerely yours,

DENNIS B. BECHTEL
Coordinator
