Mr. Carl P. Gertz, Director
Waste Management Project Office
U.S. Department of Energy
M/S 523
Las Vegas, Nevada 89109

Dear Mr. Gertz:

It has come to my attention that the State of Nevada (Loux to Vieth, December 11, 1986) requested, and that your office has subsequently supplied, water level data for all H-Series wells. Enclosed are copies of the two letters sent to your office by the State for reference.

The NRC would appreciate obtaining copies of the material that your office supplied to the State of Nevada. The data should be sent to:

Mr. William Ford, Project Manager
Nuclear Regulatory Commission
Technical Review Branch
Division of High-Level Waste Management
Mail Stop 623-SS
Washington, D. C. 20555

Thank you for your cooperation in this matter. If there are any questions, please call me at 388-6125.

Sincerely,

PAUL T. PRESTHOLT
Senior On-Site Licensing Representative
