Subject: Evaluative Testing of "Potentially Eligible" Site 25DW198
Source Materials License SUA-1534
Docket Number 40-8943

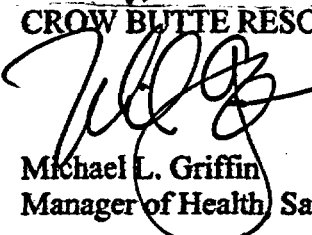

Dear Ms. Frant:

Crow Butte Resources, Inc. (CBR) has conducted evaluative testing of one of six "potentially eligible" sites identified in Section 2.4 of the approved license application¹. The testing was conducted by Greystone Environmental Consultants (Greystone) to evaluate the eligibility of site 25DW198 for listing in the National Register of Historic Places in accordance with a plan approved by the Nebraska State Historical Society.

Based on the results of the evaluation, the cultural resource testing report recommended that site 25DW198 was not eligible for listing. The Nebraska State Historical Society agreed with the conclusions in the report. A copy of the concurrence letter is attached as required by License Condition 9.9.

If you have any questions, please feel free to contact me at (308) 665-2215.

Sincerely,
CROW BUTTE RESOURCES, INC.

Michael L. Griffin
Manager of Health, Safety, and Environmental Affairs

Re: Site Testing
Crow Butte Resources
Dawes Co., NE
H.P. #0302-033-01

Dear Dr. Späth:

The cultural resource testing report (Späth and Walth 2003), on the above referenced project, has been reviewed by this office. We concur that site 25DW198 is not eligible for the National Register of Historic Places. Since no other historic resources were found the project will have no effect on archaeological, architectural, or historic context property resources.

Sincerely,

Concurrence:

Terry Steinacher
H.P. Archaeologist

L. Robert Puschendorf
Deputy NeSHPO
