Dr. John Bell, Geologist  
Nevada Bureau of Mines and Geology  
University of Nevada  
Reno, Nevada 89557-0088

Dear John:

Thank you for permitting Rus Purcell to accompany you on your recent field trip to the Crater Flat area. From his description the trip sounded useful and informative. We look forward to the published results of work being conducted in that area. Again, many thanks for your help on this occasion and on the February 1987 field trip which assisted NRC Geology/Geophysics personnel in observing geological features important to the Yucca Mountain area.

Sincerely,

ORIGINAL SIGNED BY

Charlotte Abrams
