Dear Mr. Loux:

(Return to WM, 623-SS)

As we discussed during our telephone conversation of October 4, I have enclosed a copy of the meeting summary for NRC's NTS site visit and meetings with the U. S. Department of Energy (DOE) on May 17-21 1982. I have also enclosed a list of site issues prepared by the NRC staff. The list of issues was sent to DOE to provide a framework for continuing discussions on what the issues are at the Yucca Mountain site.

I hope that you will find these materials useful.

Sincerely,

"ORIGINAL SIGNED BY"
