1050 E. Flamingo Road
Suite 319
Las Vegas, NV 89119

Dear Paul;

I would like to request to be placed on distribution for 4 copies of each NRC HLW-related report (NUREG and others) that is published by NMSS. The current distribution system and public announcements generally do not allow us to have access to reports until several months after their release.

If it will help you convince HQs, it is worth noting that we are currently distributing nine copies of each Los Alamos NNWSI report to various USNRC staff and contractors.

Sincerely,

D. T. Oakley
