SUBJECT: MEETING NOTICE - REVISION OF SRP

DATE: June 30, 1983

TIME: 9:30 a.m.

PLACE: 4th Floor Conference Room

The Standard Review Plan (SRP) that was used to guide the review of the BWIP SCR is now being revised to take into account lessons learned from the BWIP review and the requirements of the NWPA. When complete the revised SCP will be used to guide the reviews of the SCP's that DOE will submit starting later this year. I will describe the planned changes and would like to hear any comments you may have.
