SUBJECT: Report of meeting with the Army concerning a Proposed Depleted Uranium
License Amendment for U.S. Army Jefferson Proving Ground, Madison, Indiana

Dear Dr. McLaughlin:

The United States Environmental Protection Agency Region 5 (U.S. EPA) has completed its review of the Nuclear Regulatory Commission's (NRC) report and list of attendees for the meeting held on July 1, 2003 with staff of the Army at NRC's office. I am writing this letter to request that you add the following corrections to the meeting attendees list:

- change Karen Mason-Smith's affiliation from "IN State EPA" to U.S. EPA
- change "Tom Hull" to Tom Hall
- change Tom Hall's affiliation from "Consultant to IN State EPA" to Consultant to U.S. EPA

U.S. EPA is requesting that these corrections be resubmitted to the NRC JPG Distribution List and added to NRC's record file. Thank you for the opportunity to review NRC's meeting minutes and participate in the meeting via teleconference. If you have any questions, please feel free to call me at (312) 886-6150.

Sincerely,

A handwritten signature in cursive script that reads "Karen L. Mason-Smith".
