STEERING COMMITTEE FOR NUCLEAR ENERGY

RADIOACTIVE WASTE MANAGEMENT COMMITTEE

ISIRS EXECUTIVE COMMITTEE

Or. Engl.

87 APR 13 AM 1:10

WM DOCKET CONTROL
CENTER

As already announced, the seventh meeting of the ISIRS Executive Committee will be held in Paris, France from 11th-12th May 1987. Please note that the meeting will be held on the first day at the OECD "Monaco" Annex, 2 rue du Conseiller Collignon, Paris 16e, starting at 9.30 a.m., and on the second at Annex "Ingres", 37 bis Boulevard Suchet. Both annexes are within walking distance of the OECD Headquarters.

Delegates participating are advised that the security arrangements in force at the OECD include the obligation to present an identity document bearing a photograph. This document will be requested at the time of issuing Delegates' cards for the meeting on first entry to the OECD. It should also be presented subsequently with the card every time OECD premises are entered.

There will be no workshop organised on the occasion of the ISIRS Executive Committee meeting, but this meeting will have to consider the arrangements to be made to insure the continuation of the ISIRS activities beyond June 1987, and the reinforcement of the work on the NEA Thermochemical Data Base, following the decisions to be taken by the Steering Committee for Nuclear Energy at its 28th-29th April 1987 meeting.

In agreement with the Chairman, the following tentative Agenda is proposed:

1. Introductory remarks by the Secretariat.
2. Adoption of the Agenda SEN/ISIRS(87)1
3. Approval of the Summary Record of the 6th meeting of the Executive Committee. SEN/ISIRS(86)2

4. Technical Progress Report, May 1986 to April 1987. ISIRS/DOC(87)1
5. Future ISIRS work:
 - Kds collection by consultant;
 - customising DIP;
 - ISIRS on micro-computers;
 - possible workshops.
6. Proposal for an intercalibration study.
7. Financial Report. ISIRS/DOC(87)2
8. NEA Steering Committee decision regarding the new situation at the NEA Data Bank and its contribution to radioactive waste management.
9. Role and mandate of a "new" Executive Committee to coordinate and advise on ISIRS, TDB and other related topics. ISIRS/DOC(88)4
10. Progress in the development of the NEA Thermochemical Data Base (TDB).
11. Future TDB work.
12. Other business.
