

UNITED STATES
NUCLEAR REGULATORY COMMISSION
WASHINGTON, D. C. 20555

March 19, 1982

NOTE TO: J. B. Martin
FROM: John G. Davis
SUBJECT: FACT SHEET INFORMATION

For HLW please develop the following fact sheets:

1. Need for multiple sites

- o The basis both technical and legal for requiring characterization of three sites.
- o NRC cost estimates for each site characterization.

2. TA/RES for HLW

- o A brief statement concerning the three areas of technical assistance/research associated with HLW: (1) technical assistance with the Division of Waste Management; (2) research conducted by the Office of Regulatory Research; and, (3) research conducted by DOE.

In this statement, please show:

- o Funding level for each area.
- o A general statement of what each area is designed to accomplish and how it is conceptually separate from the other areas.
- o Efficiencies that WM has accomplished by your tight management of these areas. Examples of these efficiencies.

I believe most of this you have previously done. If so, copies/^{of}that previously done will suffice. I would like by COB Friday March 19.

John G. Davis
