MEMORANDUM FOR: Kien Chang, WMEG
 FROM: Michael Lee, WMPC
 SUBJECT: 10 CFR PART 60 REVIEW COMMENTS FOR WASTE PACKAGE

Pursuant to our conversation of March 24, 1987, I would like you to proceed with developing responses to the review questions for those sections of the 10 CFR Part 60 regulation concerning Waste Package. As you previously mentioned, it would be advantageous for you to commence with your portion of the review now owing to the re-configuration of your section following the Division's re-organization this April 12th. Those sections of the regulation concerning waste package have been summarized on the following enclosure and, as we have already discussed, may be subject to abridgement as we increase our interaction with the technical staff from outside of the Division. (The suggested format for the Requirements Analysis review and the rationale for preparing the responses was previously discussed at the last review team meeting on February 26, 1987.) Please provide me with your comments by April 24, 1987. Thank you!
