Dear Dr. Dube:

I have received your letter addressed to me, dated January 12, 1988, in which you have offered to consider reduction of registration fee by 50 percent for one author of each paper from U.S.A. I sincerely appreciate your generous offer and I am grateful for the same.

Unfortunately, due to expected heavy work load at the office during the month of April, it will not be possible for me to get time off for attending the symposium. Indeed, I was looking forward to the opportunity of meeting you and of visiting many other friends in Roorkee and Delhi during and after the symposium. However, it appears now that I will not be attending the symposium. Professor Jaak Daeman, of the University of Arizona, Coauthor of the paper, has agreed to present the paper at the symposium.

Once again, I would like to thank you for considering reduction in fee for symposium registration.

Sincerely,

DS
