Dear Mr. Linehan:

At the July 7, 1988, meeting between the NRC and DOE on Quality Assurance, the NRC recommended that the DOE review the following NRC documents:

- o Integrated Design Inspection Program;
- o Construction Appraisal Team Inspection Program; and
- o Readiness Review Program

to evaluate if they could be usefully applied in the geologic repository program.

The DOE wants to pursue this recommendation. We request that you provide current copies of the above mentioned documents for our consideration.

If you have any questions regarding this request, please call me at 586-1462.

Sincerely,

Gordon Appel, Chief
