OFFICE OF THE  
SECRETARY

MEMORANDUM FOR: Victor Stello, Jr.  
Executive Director for Operations  
FROM: Samuel J. Chilk, Secretary  
SUBJECT: STAFF REQUIREMENTS - DISCUSSION OF INTEGRATION  
OF AEOD REPORTS INTO THE REGULATORY PROCESS,  
2:00 P.M., THURSDAY, SEPTEMBER 10, 1987,  
COMMISSIONERS' CONFERENCE ROOM, D.C. OFFICE  
(OPEN TO PUBLIC ATTENDANCE)

The Commission\* was briefed by the staff on the activities of NRC's Office of Analysis and Evaluation of Operational Data (AEOD) and on how the results from its studies are integrated into the regulatory process.

Chairman Zech made the following requests:

1. A Commission paper outlining the process by which AEOD results are classified as recommendations or suggestions and summarizing how the program offices and the EDO handle AEOD recommendations and suggestions.  
(EDO)- (AEOD) (SECY-Suspense: --12/15/87-)  
(EDO Suspense: 12/7/87)
2. That the recommendation/suggestion classification be made at a very senior management level and that decisions on classification be made conservatively (i.e., follow through on matters where the staff has doubts).
3. A follow on briefing, with the program offices and the regions represented, summarizing key issues that AEOD is reviewing, a status of the follow through of the AEOD recommendations (e.g., the air study), how the EDO tracks those items, and how the staff, including the regions and the utilities are responding to the AEOD recommendations.  
(EDO)- (AEOD) (SECY Suspense: March 1988)
