SUBJECT: PERFORMANCE ASSESSMENT TEAM PREPARATION FOR EA REVIEW
 (OPS 53141212.6, 53141222.6, 53141232.6)

The Performance Assessment Team of WMRP has completed the initial phase of preparing for the EA review at all sites. This preparation included (1) reviewing the siting guidelines; (2) inventorying and reviewing documents and data; (3) developing key scenarios; (4) participating in the development of site technical positions; and (5) conducting a scoping review of Chapter 6 in the preliminary draft EA's (See Draft Standard Review Plan for Draft Environmental Assessments). This activity completes Operating Plan Commitments 53141212.6, 53141222.6, and 53141232.6.

Based on our review and preparation and on information from the on-site licensing representatives (OSLR) and DOE-HQ, Chapter 6 of each EA is undergoing significant changes from those reviewed to date. Therefore, the Performance Assessment Team will continue to prepare for the EA review, using DOE documents, updated information forwarded to us from the OSLR's, and our contacts with DOE.
