NNWSI WEEKLY HIGHLIGHTS FOR WEEK ENDING MAY 18, 1984

I. Issues Requiring Involvement of HQ or other Projects

A. New Issues:

The proposed Transportation Programs Procedural Agreement between OCRWM and the Office of Defense Programs seems to ignore the prominent role of NRC. We believe that, in view of the public's concern about transportation, the current approach is flawed and could lead to difficulties in the future with both NRC and the public. WMPO previously sent two memos dated March 6, 1984 (WMPO:JSS-546) and May 9, 1984 (WMPO:MBB-773) requesting clarification of this issue. A response to these letters is requested.

B. Previously Reported Issues:

<u>Issue</u>	<u>Status</u>	<u>First Report Date</u>
1. USGS informal proposal to DOE/HQ re: alternate means of getting slots for OCRWM/NNWSI support. NNWSI would like details.	No response from HQ.	May 5, 1984
2. Davis-Lawrence meeting on April 24 re: NRC/DOE agreement; NNWSI would like details.	No response from HQ.	May 5, 1984
3. Formal action needed to form RCG ad hoc committee to develop uniform statements on economics, safety, and technology with regard to horizontal vs. vertical emplacement and retrievability.	No response. Awaiting formal guidance from HQ (Virgil Lowry) on how to take action on this.	May 5, 1984

MAY 18 1984

II. Major Internal Concerns

None to report.

III. Significant Accomplishments (SA)/Information Items (II)

SA

On Monday, May 14, NV/WMPD became the employer of 15 additional staff formerly employed by USGS. They will remain on the DOE/NV payroll until the beginning of next fiscal year.

II

- o Don Vieth presented testimony at a public hearing on May 16 that was conducted in Tonopah by the Nevada Legislative Commission Subcommittee to Study Disposal of High-Level Radioactive Waste in Nevada. Bob Loux, Director of the Nevada Nuclear Waste Project Office, presented testimony and Hank Welsh, Chairman of the Western Interstate Energy Board Radioactive Waste Transportation Subcommittee, presented the scope of their transportation study. Several suggestions were made to Mr. Welsh on the scope of the study by the members of the Legislative Subcommittee. The next public hearing will be held June 20.
- o Paul Prestholt visited the USGS this week and spent the day in conference with Bill Dudley, Bill Wilson, Craig Bentley, and Jerry Szymanski discussing availability of data, groundrules for interaction with the Survey, and content of the Survey's NNWSI program. Also discussed was the detailed format and an agenda for the upcoming Hydrology NRC/DOE Workshop.

IV. Upcoming Events
