MEMORANDUM FOR: Paul T. Prestholt, Sr.
 On-Site Licensing Representative - NNWSI
 Division of Waste Management

FROM: Thomas L. Jungling
 Engineering Branch
 Division of Waste Management

SUBJECT: REQUEST FOR INFORMATION

Recently, I have become aware of two documents produced by DOE contractors which, based on their titles, appear to contain information which the NRC has not previously seen and which may be of interest in preparation for a future waste package workshop. Therefore, if these documents are available to you, I would appreciate if you could transmit a copy of each to me.

The titles of the documents are as follows:

1. NNWSI Copper Test Plan for FY85-86 (LLNL)
2. The Common Waste Package Evaluation Study (Weston)

The first document was mentioned in the "NNWSI Weekly Highlights for Week Ending December 20, 1984," while the second one appeared in the P. T. Prestholt to R. E. Browning memo of March 8, 1985.

Again, I appreciate your cooperation in this matter. If you have any questions, please contact me at 427-4540.
