

APR 17 1989

NOTE TO: File

FROM: Ken Kalman

SUBJECT: FOLLOW-UP TO APRIL 7, 1989 MEETING ON SCOPE
OF NATURAL RESOURCES TECHNICAL POSITION

On April 7, 1989, Joe Holonich, Phil Justus, Harold Lefevre, Neil Coleman and I met to discuss revisions to the scope of the proposed technical position (TP) on natural resources. During this meeting, it was agreed that no later than May 1, 1989, HLGP will submit a package to HLPD containing supplemental information regarding the scope of this TP. This package will include:

1. An annotated outline of the TP as specified in WM Policy #46 and
2. A milestone schedule for the TP

Explanatory text will also be provided to describe why the supplement is being issued and to justify the revised schedule.

HLGP has already developed a preliminary draft schedule which slips the current schedule reported in the Division Operating Plan by approximately 11 months. The final TP would be issued in March 1991, and not in April 1990 as originally scheduled. Part of the rationalization for this slip is based upon the revision of the scope. HLPD has agreed to review this schedule and either approve it or provide comments on it back to HLGP by April 14, 1989.
