NRC TO HOLD PUBLIC MEETING AUGUST 19 ON ISSUES ASSOCIATED WITH LOWER REACTOR HEAD INSPECTIONS

Nuclear Regulatory Commission staff will meet with interested stakeholders on August 19 in Rockville, Md., to discuss issues relating to leakage from, and inspection of, penetrations in reactor pressure vessel lower heads. The meeting will be held in the Commission Meeting Room at One White Flint North, 11555 Rockville Pike, from 9 a.m. until noon.

Members of the public are invited to participate by discussing these issues with NRC staff at designated points during the meeting. Those interested can also participate via a toll-free teleconference, by calling 888/769-8514 and providing the call leader's name, "William Reckley," and the passcode "bulletin." For more information on the meeting, contact William Reckley at 301/415-1323 or Edmund Sullivan at 301/415-2796.
