HIGH-LEVEL WASTE SITING COLLECTIONS LOGGED AND MAINTAINED BY
DIVISION OF WASTE MANAGEMENT DOCKET CONTROL CENTER

1. High-level Waste Siting Correspondence Files

Includes both incoming and outgoing correspondence. Copies are also sent to NRC Public Document Room, 1717 H Street, NW, Washington, DC, and appropriate established waste program local public document rooms.

Basalt Waste Isolation Project (BWIP) - Project File WM-10

Nevada Nuclear Waste Storage
Investigations (NNWSI) - Project File WM-11

Salt Program - Project File WM-16

2. Published Report Collections

Salt General	BWIP
Doma1 Salt General	NNWSI
Bedded Salt General	WIPP
Palo Duro Basin	STRIPA
Paradox Basin	Crystalline
HLW General	

3. HLW Technical Contract Documents

These documents are filed, and listings printed out, in chronological order by contract "FIN" number, a five-character "financial number" assigned by NRC. For example, all technical documents prepared under Contract B7378, "Review Hydrogeologic Investigations of NTS," would print out chronologically. Copies are also sent to NRC Public Document Room, 1717 H Street, NW, Washington, DC, and all established waste program local public document rooms.
