NEVADA NUCLEAR WASTE STORAGE INVESTIGATIONS PROJECT/NUCLEAR REGULATORY COMMISSION (NRC) WASTE PACKAGE AND EXPLORATORY SHAFT CONSTRUCTION TECHNICAL MEETINGS

The summary for the Waste Package meeting, which was held on July 23-24, 1985 is enclosed.

We regret that through an oversight on our part, your office was apparently not provided with all of the specific details relative to the waste package meeting location and agenda. It is worth noting however, that the meeting date and general location were transmitted to you in my letter of July 8, 1985, as well as being discussed at recent TPO meetings and included on the "800" information recording. We apologize for any inconvenience that resulted from our failure to keep your office fully informed relative to this matter and are taking the necessary corrective steps.

As you know, a meeting with the NRC on Exploratory Shaft Design is scheduled for August 27-28, 1985. The meeting will be held in Room 106-110 of the NRC offices in Silver Spring, MD (Willste Building).

Please do not hesitate to contact me if you have any questions regarding this matter.
