May 6, 1985

Mr. Robert Browning, Director
Division of Waste Management
U. S. Nuclear Regulatory Commission
Washington, D.C. 20555

Dear Mr. Browning:

In followup to the meeting between your staff and the technical representatives of the State of Mississippi, I would like to express my appreciation to you and your staff for a very positive interaction and especially for your statements regarding your commitments to a positive spirit of consultation and cooperation with the state. Your commitments are sincerely appreciated by the State. I would also like to commend several members of your staff for the job that they are doing and particularly for their assistance in facilitating our meeting. The work of Robert Johnson, Donna Mattson, John Linehan and Frank Anastasi was above and beyond the call and is appreciated.

As you may know, the Department of Energy intends to hold an interaction meeting with the State of Mississippi for the purpose of discussing our comments on the Richton Dome draft Environmental Assessment. That meeting is scheduled for Thursday, May 16, 1985, in Jackson. I would like to extend an open invitation to you and your staff to attend that meeting. As further details concerning the meeting develop, I will pass them on to you.

Again, thank you for your consultation and continued cooperation.

Sincerely yours,
John W. Green

John W. Green, Interim Director
Mississippi Department of Energy and
Transportation
