**Subject:** Re: EA for St. Albans termination

Hi, Duncan. The Staff and I have reviewed the Draft NRC Environmental Assessment for the St. Albans Extended Care Center facility and agree with the conclusions reached.

Gene:

As per our conversation earlier today, please find attached draft copies of the EA and Federal Register Notice for the termination of the St. Albans license for your review. We would appreciate your response by June 30 if NYC Health agrees with the conclusions of the EA.

Please provide your response or direct any questions to the Project Manager, John Wray at 610 -337-5268 or jrw3@nrc.gov.

Thanks  
Duncan
