Mr. Robert Loux, Director
Nevada Nuclear Waste Project Office
1802 North Carson Street
Capitol Complex, Suite 252
Carson City, NV 89710

Dear Mr. Loux:

As we discussed during our telephone conversation on August 5, 1987, NRC is in the process of establishing a local public document room (LPDR) at the University of Nevada, Las Vegas, for the NRC documents related to the high-level waste repository project in Nevada. The NRC's Division of Rules and Records, who has the responsibility for NRC's LPDR program, will be issuing a Federal Register Notice announcing this new LPDR. We will send you a copy for information.

If the State considers it worthwhile to establish an additional LPDR within the State, please let us know as soon as practicable.

Any questions regarding this action or any recommendation for an additional LPDR should be directed to Mr. Donnie Grimsley, Director, Division of Rules and Records, U.S. Nuclear Regulatory Commission, Mail Stop MNBB-4210, Washington, D.C., telephone 301/492-7211. Thank you.

Sincerely,

H

Robert E. Browning, Director
Division of High-Level Waste Management
