REFERENCES CITED IN THE YUCCA MOUNTAIN, NEVADA, DRAFT ENVIRONMENTAL ASSESSMENT

As per your verbal request on January 4, 1985 to J. L. Younker of SAIC, a microfiche copy of the references cited in the Yucca Mountain Draft Environmental Assessment (EA) has been sent to your attention at the above address under separate cover. The set constitutes nearly all references cited. We will provide copies of the references that are not yet available as soon as possible.

While every attempt has been made to provide high quality microfiche of the references, certain of the originals provided to this office were of marginal clarity. If during your review of the Draft EA you find that a supporting reference is illegible, please notify Maxwell Blanchard (FTS 575-1091) and provide the author and title of the reference required.
