Dear Ms. Dragonette:

John Waxvik and I have reviewed the Draft Statement of Cooperation and would suggest the attached modification. Since our only interest is in Mine Safety and Health, we do not believe that we need be involved in writing or researching environmental impacts. We are perfectly agreeable to review and provide consultation on those areas that we have jurisdiction over or expertise in. Perhaps it is not necessary that we be included in the Statement since our role will be only one of review and consultation.

Sincerely,
