See attached list

Due to the redirection of the High-Level Nuclear Waste Program brought about by the Nuclear Waste Policy Amendments Act of 1987, the U.S. Nuclear Regulatory Commission (NRC) will be limiting the distribution of their weekly notice of upcoming meetings and the distribution of all other significant NRC high-level waste documents to the State of Nevada and other parties still involved in the high-level waste repository program. Therefore, your name has been removed from the distribution list for future mailings.

High-level waste documentation received by the NRC and generated by NRC and its contractors is routinely sent to NRC's Public Document Room (PDR), 1717 H Street, NW, Washington, DC, Telephone 202/634-3273. You may contact the PDR for information and copies of NRC's high-level waste correspondence.

The weekly notice of upcoming meetings is available in the PDR. In addition to this weekly listing, a telephone recording service has been established for the announcement of upcoming meetings related to the NRC waste management program. The number is 1/800/368-5642, Ext. 20436, or 492-0436 for Washington area callers.

Sincerely,

/s/
