**Subject:** LOCHBAUM EMAIL RE: CALS

I checked with Rosano: the comm team is not working this request from OPA. (For Steve, Mr. L. sent OPA an email quiz about the security-related CALS sent out by the regions). It seems to me that the Regions can provide the best answers on this one.

FYI, Dick mentioned that some CALs may contain safeguards info. and thus, not be publicly available. Regions may not all have used a consistent approach on these.

Joe
