Dear Donna:

During our conversation on February 27, 1984, I requested the following documents from NRC:

- 1) NUREG-1046 "Disposal of High-Level Radioactive Wastes in the Unsaturated Zone: Technical Considerations"
- 2) USGS comments on NRC siting guidelines concurrence.
- 3) NRC regulations on nuclear fuel shipping casks.

This letter documents that request. Please call if any additional clarification is required.

Regards,
