## DESIGN CONTROL PROCEDURES

### TABLE OF CONTENTS

| PROCEDURE<br>NUMBER | TITLE  | REV | EFFECTIVE<br>DATE |
|---------------------|--|-----|-------------------|
| DC-01               | Design Inputs and Informational Data<br>to Outside Organizations | 6   | 10/31/88          |
| DC-02               | Design Methodology   | 6   | 10/31/88          |
| DC-03               | Design Analysis  | 7   | 02/15/89          |
| DC-04               | Design Verification  | 7   | 01/31/89          |
| DC-05               | Design Interface Control   | 5   | 10/31/88          |
| *DC-07              | Development of Technical<br>Specifications                       | 6   | 01/31/89          |
| *DC-08              | Preparation of Design Control<br>Procedures                      | 6   | 01/31/89          |
| DC-09               | Interdiscipline Review   | 7   | 02/15/89          |
| DC-11               | External Comment Control   | 6   | 02/15/89          |
| *DC-12              | Computer Program Verification                                    | 4   | 10/31/88          |
| DC-13               | Drafting Procedures and Standards                                | 5   | 10/31/88          |
| DC-14               | Technical Studies  | 5   | 10/31/88          |
| DC-15               | Basis for Design   | 6   | 02/15/89          |
| *DC-16              | Document Control   | 4   | 10/31/88          |
| *DC-18              | Training on Design Control Procedures                            | 2   | 10/31/88          |
