**Subject:** My SER *NRR*

Bill,

Thanks for taking the time to look at my SER before I send it to the publications branch for preparation of the NUREG.

Tom Dietz says that you should send him an e-mail before 4 PM (preferably well before 4 PM, say around 2:30 - 3:00 pm) to let him know whether the SER is OK (i.e., that it does not contain safeguards or sensitive material). When he gets the e-mail, he'll arrange for the proper communication to the publications branch.

I know this is last minute, and I appreciate everyone's help with this.
