

COMMENTS on the EXAM OUTLINE

- ✓ 1. Page 3 of 27, Form ES-401-1 (SRO). There are two questions for 295037 SCRAM Condition.... Should choose another topic for second SRO only question. {Licensee agreed, problem arose when converting Rev.8 outline to Rev.9}
- ✓ 2. Page 26 of 27, The "SRO ONLY" total has 7 generic topics which does not agree with the count which is 10 plus 7 from the SRO ONLY outline. Problem with the ES form as used. (I.e. had separate outline for the SRO and RO. *Form used differently.*
3. Page 2 of 8 should be identified as Form ES 301-1
Page 3 of 8 should be identified as Form ES 301-2
Page 6 of 8 should be identified as Form ES 301-1
Page 7 of 8 should be identified as Form ES 301-2
4. Page 1 of 10. Event is either "C" or "M" but not both.
5. Page 2 of 10. The numbers do not add up correctly. The form is similar to ES 301-5
6. Scenario #1. It is not clear that there are operator actions for the one stuck control rod and the failed open BPV. This will be verified at the site during prep week.
7. Scenario #2. "I" and "N" are the same event. Also "R" is one event verses two events.
