> NRR

Bill, I pulsed the region DDs on Friday to invite their participation. No response yet.
Gerry, please stay closely connected to this effort. You are the IIPB rep and may end up representing the regions as well.
Doug

Attached is the summary of a meeting held yesterday on withholding information. Also attached is the SRM on this issue. The major offices are working towards developing criteria, processes, and a longer-term plan for actually reviewing those documents that will need an evaluation for possible Sensitive Homeland Security Information (SHSI) [a new classification that will capture a little bit of info that is not safeguards but which we think would be a significant help to a terrorist]. We need to work out with the regions how they want to participate in this effort. A possible way would be for you to act in their behalf at the meetings on criteria/process or they could designate someone from a region and we could tie them in by phone.
