Subject: FOIA & PDR request

Sam,

We got 2 new reports to review. One is a FOIA request for a NUREG that we said contained sensitive info (PDR request). Since this is a FOIA request, we need to redact. Can you take this one? We need to give it back to Ginny as soon as possible. FOIAs have short turn around time.

The other request just came today. Its from the PDR and its a report on vehicle barriers. We have 1 week to review that one.

Margie
