Noel,

I forwarded your request for a sensitivity review of the FSARs for Turkey Point and St. Lucie to NRR_InfoReview. The review is requested to be completed by May 10, 2002. If NRR_InfoReview has any additional questions they will e-mail you directly with their request.

Attached is a request from the IRS for CDs of the Turkey Point and St. Lucie license renewal applications. We have do have extra CD, however, they contain the FSARs. Who should I contact for permission to release the FSARs to the IRS?

I have also directed the IRS to the NRC web site and the St. Lucie application.

Thanks,
Noel
