NEVADA

LAS VEGAS — Gov. Bryan released federal scientist Jerry Szymanski's report saying volcanic Yucca Mountain is geologically unsuited to be USA's high-level nuclear waste dump. Bryan: U.S. Energy Dept. hid report from Congress when it was eliminating potential sites in Washington, Texas. DOE: Report is preliminary, only 1 man's opinion.

Paul,
Took tells me you keep a file of news clippings. I found this one in the European addition of USA today on flight back from Stockholm on Saturday.
