Dear Dr. Siegel:

SUBJECT: CONTRACT NO. 50-19-03-01/FIN A-1756, "GEOCHEMICAL SENSITIVITY ANALYSIS"

I have reviewed the June 1987 monthly progress report for the above contract, dated July 15, 1987. Based on my review of this report, progress to date is satisfactory. As of August 15, 1987, when the July 1987 monthly progress report is due, Paul Bemba will assume project management duties for the NRC. His mailing address is the same as mine and his telephone number is (FTS) 427-4462. We will not be able to come to Sandia to facilitate the transfer of project management duties from me to Paul as originally planned. Paul will try to arrange to come out to Sandia alone or, alternatively, have you come to the NRC.

It has been a distinct pleasure for me to serve as project manager for this project; I have learned a lot from my participation. I look forward to hearing about the continued progress of the project and hope you will keep in touch.

The action taken by this letter is considered to be within the scope of the current contract FIN A-1756. No changes to costs or delivery of contract products is authorized. Please notify me immediately if you believe this letter would result in changes to costs or delivery of contracted products.

Sincerely,
