Dear Dr. Siegel:

SUBJECT: CONTRACT NO. NRC-50-19-03-01/FIN A-1756, "GEOCHEMICAL SENSITIVITY ANALYSIS"

I have reviewed the July, 1985 monthly progress report for the above contract, dated August 14, 1985. Based on my review of this report, progress to date is satisfactory. The outline for the report on data base development looks fine. I suggest that you talk to Dave Brooks about the conceptual model for BWIP; he may be able to provide you with some insight.

As we have discussed, I will be in Albuquerque the week of September 9, 1985 to discuss the project with you. I look forward to our meeting.

The action taken by this letter is considered to be within the scope of the current contract FIN A-1756. No changes to costs or delivery of contract products is authorized. Please notify me immediately if you believe this letter would result in changes to costs or delivery of contracted products.

Sincerely,
