SUBJECT: COMMENTS ON MONTHLY REPORT FOR FIN A-1165 (AUGUST 1985)

Dear Dr. Hunter:

I received your report summarizing the activities during the month of August 1985 for FIN A-1165. I have the following comments:

1. You indicated in your progress report (Task I) that no activities had taken place during the month of August. I would like to discuss progress on this task. Since you are going to be in the Washington area to brief the ACRS on October 24, 1985, perhaps we could meet on the following day to discuss the status of this task. Please let me know if that would be convenient for you.
2. The progress of the Task III report appears to be satisfactory. You indicated that purchase orders for the Drs. Holland and Cornell contracts are in management review at SNL. Because of the importance to timely completion of the task III report of having these contracts in place, please keep me posted on progress of getting these contracts in place.
3. Under Task IV you stated that travel expenditure for Silver Spring trip during July 1985 was charged to this task. There is no other documentation of this trip. In the future, please send a trip report to the NRC documenting SNL observations and comments within two weeks after a trip.
4. Please add the name of Seth M. Coplan of the NRC staff to the distribution list of your monthly report.

The action taken by this letter is to be considered within the scope of the current contract (FIN A-1165). No changes to cost or delivery of contracted products are authorized. Please notify me immediately if you believe this letter would result in change to cost or delivery of contract products.
