Dear Dr. Faulkner:

I was so happy to see you at CEAC  
in Taipei. I am particularly grateful to  
you for your kind effort to arrange a  
visit to your NRC office on this coming June.

I am very much interested in studying  
basic ideas and concepts concerning the  
models for safety analysis (performance  
assessment, performance risk analysis)  
on H L W repository and its surrounding.  
As you may notice this is merely a  
feasibility study from the basic academic  
point of view. I would appreciate it

very much if you can give me papers  
published by DOE concerning this matter.  
Any additional information is helpful.

I am looking forward to see you  
at your office in D. C. on June 12, and
